

Southeast Communities Rail Partnership CIC

SCRP 2

Policy Title: SCRП vision, mission, and core statements

Purpose of the Southeast Communities Rail Partnership CIC

Our vision for community rail is that local communities become fully connected with their railway. We will provide a voice for the community, help to promote sustainable, healthy, and accessible travel. We will bring communities together, supporting diversity and inclusion and we will support social and economic development, connecting communities with places and opportunities.

We will continue to work in partnership with many other organisations and join up their respective expertise to achieve this. We will enhance our work to become a strong, professional, accredited organisation with potential to grow.
